TCBA Web Site Committee

Re: Endorsement of Micro Web Design and Bryan Gardner

Please accept this letter as a letter of endorsement for Micro Web as a candidate for the redesign of the TCBA web site. They are an extremely capable, local company and highly qualified to create a web site that we will all be very proud of.

I speak from experience as Micro Web “remodeled” our web site two years ago. We knew we needed to update our current site and we had a very specific vision of what we wanted. We did not want a typical builder site that shows floor plans and lists of lots in inventory.

Working with Bryan and his staff made the whole process work smoothly. The site turned out exactly the way we wanted it! We get quite a few compliments from folks who check us out. The ongoing service and maintenance has been great as well. They continue to host our site and we work with them almost monthly when we do updates.

Bryan Gardner and his team at Micro Web are local, community folks who will do a great job for us and will be there for us over the long run. I urge you to consider bringing them on-board as our strategic partner.

Sincerely,

Jeff Bowers  
TCBA Past President
