

February 19, 2009

Mr. Bryan Gardner
MicroWeb Design
P.O. Box 8763
Port St. Lucie, FL 34985

Dear Bryan:

I am very pleased to offer this letter of reference for MicroWeb Design. You and the staff of MicroWeb Design and MicroTech Systems have been and continue to be extremely accommodating in addressing the specific and varied needs of our Chamber since March, 2004.

In addition to the hardware and software support and service that MicroTech performs for the Chamber, I want to take a moment to complement you and your staff on developing the St. Lucie Chamber of Commerce website. The Chamber's website is an important part of the Chamber presence in our community and has become a valuable resource that our membership and the community look to for information of all types.

Your firm has been extremely helpful in finding new ways to make our website not just another form of marketing material, but rather a valuable tool that helps our organization conduct business. The website's integration with our third party member management database makes the updating of member information and other administrative tasks extremely easy. Also, resources that you have implemented such as our new web based "Event Registration System" have also helped to streamline the registration process for our monthly events.

I have also been very pleased that we are now able to use the website as a way to generate additional revenue by offering our membership advertising opportunities on the website. Considering the large volume of traffic our website enjoys, the website advertising opportunities are very popular with our membership.

In today's new "On Line" world, it is very comforting to have our website vendor located right here in our own back yard. The fact that you and your team are always available to

meet in person has taken all of the stress out of the website process. The attentiveness and service we have received from you and your staff has not gone unnoticed and is very much appreciated.

Your willingness to develop specialized programs that are unique to our non-profit organization and your efforts to gain a thorough understanding of our operations has resulted in a perfect solution for our office.

I can easily refer other businesses, and do, to MicroWeb and Systems and feel confident that you will provide wonderful service. It is always a pleasure working with you and your staff. Thank you!

Very truly yours,

Linda W. Cox
